

Most insurance agents don't  
know the difference in TPO, EPDM,  
Shingle, Built-UP or Slate work.

However, we do.

**SOUTHEASTERN AGENCY GROUP**

Insurance Since 1902

## Roofing is a specialized industry

that needs specialized insurance coverage. We have used our knowledge and the feedback from our roofing clients to develop an insurance program tailored for the roofing industry.

We have dedicated ourselves to building solid relationships with our clients and strive to improve their situation year after year.

## Here are some of the ways we do this:

- ✓ Free OSHA safety training 10 hour and 30 hour
- ✓ On site loss control consultation
- ✓ Free Motor Vehicle Reports for current and new hire employees
- ✓ Discounted Safety Gear
- ✓ Access to a vast library of tool box talks for daily safety meetings
- ✓ Optional small hand tools for employee and employer owned tools
- ✓ True Umbrella coverage up to 10,000,000.00 (higher is possible)
- ✓ Workers Compensation on pay as you go reporting
- ✓ Optional coverage for job site material
- ✓ Not to mention some of the best rates in NC and SC

**Roofing is a hard industry to be in...  
it's even harder to insure correctly.**

**If you have ever dealt with:**

- ✓ Bad audits
- ✓ Terrible claims handling
- ✓ Large increases
- ✓ Claims that were not covered that you thought should be.

**Then we need to talk.**

**We would love to have the opportunity  
to design a custom insurance package for  
your business.**

## You can't cover a commercial

single-ply company the same way you cover a residential shingle company.

We understand this and will build your insurance for your everyday exposures. Call us today.
